- Funds Requests: No funds requests currently.
- Student Perspective: ITS Districts review. The individual events will take place next week.
- Member Concerns and Questions: Last meetings concerns: make a school we are proud of, create an inclusive environment. Motion to approve these concerns as a goal: Motioned by Bradley Sohn, 2nd by Ryan, approved.
- What do other schools do in the SAC meeting? Principal's Report, bring in special guests, reports from other admin. Approve money grants to help overall school.
- On other SAC boards, requests came from a teacher for a training, are there less trainings to attend due to Covid? More and more live trainings are happening now.
- Will requests begin at PTSO since they have funds? SAC is required to send out the fund request form, but we just inform that there are currently no funds available. Anything we do approve has to connect to the goals of SAC. PTSO can supplement.
- Can anyone join? Yes, anyone can join, there is a core group that are the "Official Members" but anyone is invited to attend the meeting and bring up concerns.
- What amount of funds? We don't know exactly, we should get some funds in the Spring. Each year there is a vote by the staff of what to do with the School Recognition funds.
- Next SAC Meeting and Adjournment: no meeting in December due to holidays. Monday January 30th Motioned by Bradley, 2nd by Ryan, approved as next meeting.
