Parents and Families,

I wanted to follow up on the communication from yesterday regarding our lockdown. The lockdown stemmed from one of our staff members accidentally pushing the button too many times. Our students were never in danger. However, it did show us some areas we want to continue to improve on as part of our required training and drills during our lunch and transition periods. Every time we have a drill our staff, including our Youth Resource Officer, debriefs on how to improve our human and facility response. I want to assure every family that the safety and security of our students and staff is

my number one priority, and we will continue to look for ways to improve our processes. Thank you and Go Barracudas!

Greg Bergamasco
