Dear St. Johns County School District Families, Residents, and Staff,

I would like to take this opportunity to express my gratitude for the residents of St. Johns County. In the most recent 2024 general election, this county made an investment in the future of our children, the employees of SJCSD, and the quality of life locally. There is nothing more important than the children in our communities and the decisions that were made at the voting booth this year ensured vital resources in the schools of SJC.

By approving the renewal of the half-cent sales tax, both residents and visitors will support the construction of new state-of-the-art facilities, new safety and security assets, high-quality technology, and the preservation of our current school campuses. Students will continue to benefit from the best learning resources because this community is invested.

The commitment to the 1 mill increase in property tax is recognized as another clear message that public schools in SJC are valued. Thank you to all residents for your individual support to recruit and retain the highest quality workforce in our school system and to enhance the programs that support the children in this county.

This is a very special place to live and raise a family and the decisions made this week by the voters of SJC are paying it forward for the children who live and play here. Our future is bright and the SJCSD is committed to providing the same high level of education for years to come.

Together,

Tim Forson  
Superintendent of Schools
