To the SJCSD Veterans,

On behalf of those of us who did not serve in the military, THANK YOU to those who did and/or continue to serve. We are grateful to the veterans that have protected the country we all enjoy. I hope that each veteran understands that they are appreciated. We know we are blessed by your service and live freely today because you have made the selfless commitment to this country. Wishing you a day that recognizes your honor and dedication.

Sincerely,  
Tim
