Tocoi High School Seniors,

Congratulations on the successful completion of your K–12 academic journey. This milestone reflects years of dedication, perseverance, and growth, and we are incredibly proud of each of you.

As former Wards Creek Warriors, you hold a special place in our school community. We would be honored to welcome you back to inspire our current students as they work toward the same achievement you have now reached. Your accomplishments serve as a powerful reminder that with determination and commitment, academic excellence is within reach.

We invite you to visit us on Wednesday, May 27th, at 1:00 p.m. Please bring your cap and gown and join me for a walk through the hallways of WCE one more time before beginning the next chapter of your lives. This celebration will be similar to the clap-out you once experienced as you completed your elementary school years—only this time, we'll keep the walking pace a bit more dignified (no running in the hallways!).

Your Warrior family is immensely proud of you. During a past promotion ceremony, I shared words from Oliver Wendell Holmes that remain meaningful today: "It's not so much where you are, but where you are headed." Each of you continues along a path shaped by your choices, determination, and character. Choose wisely, pursue your goals with purpose, and success will follow.

We look forward to celebrating you and the bright futures that lie ahead,

Kevin Klein

Principal
